NOTES

Vintage

A warm and dry spring season provided an excellent crop development in 2005. The result was a harvest with intense fruit complemented by a bright acidity, a constitution on which Oregon has built its reputation.

Vineyard

The Jardinière Rosé was sourced from our Spruce Goose Vineyard, located in front of the Evergreen Aviation Museum, home of the *Spruce Goose* in the North Willamette Valley. Under the viticultural expertise of Laurent Montalieu this flat land vineyard has been coaxed to produce an array of award winning wines.

About Our Winery

In 1989 we started our foray into the wine industry with the purchase of a Pinot Noir vineyard and since then have been planting Pinot Noir, Pinot Gris, Chardonnay and Riesling grapes in the lush, fertile land of the Willamette Valley, Oregon's internationally renowned wine country.

Evergreen Vineyards family of award winning wines are available internationally in fine retailers, restaurants, markets and in our tasting rooms, located inside the Evergreen Aviation and Space Museum.
